SUMMARY

Dynamic Director of Business Intelligence and Sales Strategy with over a decade of experience in managing BI, CRM, and ERP systems. Proven track record in leading cross-functional teams to complete complex integrations and deliver impactful analytics for executive decision-making. Successfully automated reporting processes, contributed to market strategies, and ensured compliance in a multi-million dollar divestiture. Ready to leverage expertise in data management and strategic planning to drive success at organizations looking for innovative business solutions.

WORK EXPERIENCE

Director, Finance Business Intelligence and Sales Strategy

Mandiant, a part of Google Cloud (fka FireEye, Inc.) • California

03/2013 – 04/2025

- Directed the successful two-phased integration (SaaS and Services) from legacy platforms to Google, collaborating with multiple teams.
- Acquired extensive knowledge of Google Cloud Finance Business Intelligence, including its tools and processes.
- Collaborated with cross-functional departments to facilitate the completion of priority projects, KPIs, and executive corporate metrics by converting manual processes into automated solutions.
- Governed enterprise-wide initiatives.
- Provided analytic reports for Executive, Channel, Sales, Product, Finance, and Marketing stakeholders.
- Integrated data from acquired companies (sales, financial, assets, channel) into established frameworks.
- Automated metrics generation to improve data efficiency and accessibility.
- Managed the FireEye divestiture, coordinating with the DOJ, internal teams, and external purchasing teams.
- Delivered quarterly, monthly, and ad hoc financial metrics for internal Executives (Finance, Product, Channel, Sales, Legal) and for SEC/Wall Street reporting purposes.
- Analyzed various datasets and presented meaningful interpretations in multiple formats.
- Proactively communicated detailed analysis and narratives related to reported information.
- Contributed to the annual Go-to-Market strategy, Compensation planning, Sales Performance analysis, and Renewal/New Business forecasts.
- Built and managed the BI/IT team consisting of remote and offshore resources.

Business Performance Analysis Manager

McAfee, Inc. (aka Trellix - partial) • Plano

10/2012 – 03/2013

- Managed and directed on-site, remote, and offshore resources to complete dashboard reports, ad hoc reports, and conduct research and user acceptance testing for enhancements and defects.
- Collaborated with various teams (IT, Finance, Operations, and Management) regarding application-related enhancements, defects, and efficiencies.
- Partnered with stakeholders to implement a comprehensive end-to-end reporting framework for ERP, CRM, and MS applications.

Application Manager

CoreLogic, Inc. (fka The First American Corporation) • Westlake

04/2001 – 10/2012

- Managed and directed on-site, remote, and offshore resources as well as IT programs for end-to-end solutions delivery and support.
- Engaged with and coordinated efforts across multiple technical teams.
- Provided security compliance information, business continuity information, billing information, and other software-related information as requested by departments or business lines.
- Ensured that best practices were developed, established, and adhered.
- Defined and executed program governance and delivery assurance policies and procedures, including roles & responsibilities, budget management, resource allocation, schedule tracking, scope management, key decisions, critical success factors, and risk management.
- Managed communications and expectations with leaders and senior executives internally and externally.
- Oversaw enterprise vendor relationships.
- Implemented and managed CRM and MDM functionalities.
